

Handprint Flying Box

Children will need:

Black paper

Coloured pencils

Scissors

2 x white dot stickers

Black texta

Piece of string

Sticky tape

Fold a piece of black paper in half and place child's hand on the crease line.

Assist child to trace around their hand with a pencil.

Cut out and unfold to make the bat shape.

Stick on 2 white dot stickers for eyes and draw a dot inside each one with a black texta.

Use coloured pencils to add further detail such as a mouth.

Learning Outcome 4: Children are confident and involved learners
